## **Apex® Payroll Announces New Features Providing Customer Dashboards, Executive Scorecards, and Payroll Production Scheduling**

**Roswell, GA, May 10, 2012** - Apex Payroll a trusted provider of comprehensive payroll, payroll tax, Human Resources timekeeping services and cloud based technology, today announced the launch of Customer Dashboards, Executive Scorecards and Payroll Scheduling features within their Employer OnDemand platform.

"Our latest solutions will simplify how our customers analyze their key metrics and share new insights about the entire organization," says Stephen Gregg, CEO of Apex Payroll. "Executive Scorecards for Employer OnDemand provide extensive analytics communicating how to improve and manage business tasks, enabling management to measure the organization's performance at all levels. With our Executive Scorecards we provide users with a wealth of data to help them make smarter business decisions by displaying the data in interesting and meaningful ways, enabling management to measure the organization's performance at all levels."

### **Customer Dashboard**

Systems typically claim to provide a single comprehensive view of the customer, but most vendors expect the user to go to 20 screens to piece together the information.

Apex Payroll uses intuitive Customer Dashboards to provide an unprecedented comprehensive view of each customer. Simply by loading the customer record, users are quickly greeted with key metrics and real-time statistics. The Customer Dashboard clearly communicates information to users with a 360-degree view of the customer showing key account information, contact details, employee statistics, analytical charts and graphs, plus a full-depth HR / Payroll Calendar.

### **Executive Scorecards**

Being able to extract meaningful information from a system is key to understanding the overall business health, allowing for smarter decision making.

Apex Payroll's Executive Scorecards present management with key performance indicators, allowing a company to chart the progress towards strategic objectives and measure performance against goals. Highly interactive displays enable management to analyze information via the Executive, Sales and Operations Scorecards.

### **Payroll Production Scheduling**

Seeing your current operations and being able to drill down on individual service representatives or customer events, ensure your operations run smoothly and allow you plan for future growth.

Apex Payroll's new Payroll Production Scheduling calendar provides a rich Outlook style calendar showing color-coded HR / Payroll events. The HR / Payroll events include: HR Alerts, Next Pay Date, Future Pay Dates, Holidays, Tax Due Date, Employee Anniversary Dates plus much more. Users are able to review HR / Payroll events by quickly navigating to previous and future calendar dates from a daily, weekly or monthly view. Drilling down on a single day allows the user to view all the details on individual events for the day selected.
