

## **Greg Ruddock Named Vice President of Operations for Apex® Payroll.**

*Apex Payroll Hires Industry Veteran to the Leadership Team as Vice President of Operations.*

**Roswell, GA, March 18, 2015** – Apex Payroll announced today its addition of industry veteran Greg Ruddock to the leadership team as the Vice President of Operations. Ruddock will oversee all of Apex Payroll’s customer service and support, vendor relationships and training. The announcement was made by Apex Payroll’s CEO Stephen W. Gregg, “Apex Payroll is at a point where additional leadership in this area is integral to the growth of the company. While we have sustained tremendous growth since our inception, our growth goals continue to be aggressive and the expertise that Ruddock brings to the organization will be paramount in reaching our target.”

Greg Ruddock started his payroll career with Paychex as a Client Service Supervisor and was most recently Director of Payroll Operations for Heartland Ovation Payroll (servicing over 32,000 payroll service clients), where he oversaw the payroll operations for the eastern portion of the United States. Ruddock brings over 24 years of experience in payroll, support and customer service to Apex Payroll. He will help provide strategic direction of the company’s support, training and customer service activities as it continues to grow.

“The human capital management and payroll technology industry is growing exponentially and I look forward to partnering with the Apex Payroll team to help strengthen its leadership. It is exciting to work with such an advanced payroll and HR platform. My goal is to help our customers grow their business by leveraging the countless functionalities Apex offers,” said Ruddock.

Apex Payroll is a market leader in licensing cloud based payroll and HR technology. Payroll service firms and vendors nationally use Apex’s technology as the core of their business. Apex’s comprehensive suite of products and services include payroll, payroll tax, human resources, time and attendance, workers’ compensation, payroll debit cards and other business management tools normally reserved for large enterprises. Apex’s cutting-edge cloud-based technology allows its customers to effectively compete feature for feature with larger established firms while dramatically improving their workforce productivity.
