

Apex[®] Payroll Launches Human Capital Management Solution

Apex[®] Payroll releases the next generation of workforce management technology at their annual users conference in Atlanta, GA.

Roswell, GA - September 19, 2014 -- Apex Payroll, a trusted provider of comprehensive payroll, payroll tax, human resources, and timekeeping cloud-based technology, today announced at its Annual User's Conference the release of a new online workforce management solution, *My Employer On The GO*. This online tool is designed as a browser and device independent application, allowing businesses and their employees to streamline their communication with a simple and intuitive interface.

"We are proud to reveal and demonstrate our newest workforce management innovation, *My Employer On The GO*. This technology further expands our customer's ability to interact directly with employees, expanding our HR footprint," said Stephen W. Gregg, CEO of Apex Payroll.

My Employer On The Go allows employers to improve employee satisfaction. This portal will provide employees a single point of access to their employer, while providing the company and its HR team a tool to engage and communicate with their employees. Employees, managers and employers can access the portal anytime, anywhere and from any device. The product includes electronic pay stubs, time and attendance, benefits statement, leave management, HR profiles, company announcements, company forms and documents, tasks, company directory, and much more.

About the Conference

Apex Payroll's 2014 Annual Users' Conference, located at the InterContinental Hotel in Atlanta, GA, is occurring on September 19-20th. The 2014 Conference will be packed with essential content and great guest speakers, as well as exciting new products, features and presentations to help our customers take their payroll business to the next level. New features being released include new biometric time and attendance hardware, multi-level document file storage, payroll history conversion tool, new system integrations and substantial enhancements to the core technology.

"Apex's Annual Conferences have grown in attendance and sponsorship every year and this year has already far exceeded our expectations. Our customers are able to gain great insight into how to grow their businesses utilizing Apex's cloud-based payroll technology all while networking and building relationships with other fellow payroll service providers and industry vendors," said Marty Hamby, Apex Payroll President.

About Apex[®] Payroll

Apex Payroll is a market leader in licensing cloud-based payroll and HR technology. Payroll service firms and vendors nationally use Apex's technology as the core of their business. Apex's comprehensive suite of products and services include payroll, payroll tax, human resources, time and attendance, workers' compensation, payroll debit cards and other business management tools normally reserved for large enterprises. Apex's cutting-edge cloud-based technology allows its customers to effectively compete feature for feature with larger established firms while dramatically improving their workforce productivity.
